**Notice of Device Service Restrictions**

Mastel Precision is registered with the FDA as manufacturer/remanufacturer. Mastel Precision is not registered as a Single-Use Remanufacturer and therefore cannot service (sharpen or polish) any single-use devices such as the Alcon Single-Use phaco tip.

As a manufacturer, Mastel can service (sharpen & polish) multi-use devices, but cannot alter or change the designed configuration or intended use by the original manufacturer. Phaco tips sent for service must accompany verification of multi-use design.

Please complete the form below to verify the manufacturer and multi-use of your tips. Fax (605) 343-3631 Attn. Repairs; Email [sales@mastel.com](mailto:sales@mastel.com), or return this form along with the tips.

I, \_\_\_\_\_ of \_\_\_\_\_ verify that the
